SUMMARY

Full Stack Software Engineer with 4+ years of experience in Golang (Gin) and React, building scalable internal platforms, automating infrastructure provisioning, and delivering secure, event-driven CI/CD solutions at enterprise scale, with strong ownership, cross-team collaboration, and a focus on reliability and performance.

SKILLS

- DSA
- Golang (Gin)
- React.js
- Docker
- CI/CD Pipelines
- Redux + Saga
- JavaScript + TypeScript
- Argo CD, Argo Workflows
- SQL, PostgreSQL
- RTL, JEST, WebDriver IO
- SASS, MUI & Bootstrap
- Web Accessibility

PROFESSIONAL EXPERIENCE

Lowe's India
2023 - Present

Software Engineer – Full Stack

- Built and enhanced Brock, a self-service platform for provisioning VMs, Load Balancers, and DNS, automating VMware-based VM provisioning across multiple data centers.
- Developed intake workflows and an admin console in Brock, reducing manual infrastructure support and turnaround time.
- Worked on LOCI, an event-driven CI platform replacing Jenkins, onboarding 9K+ repositories, enabling 2M+ builds, with integrated security scans.

Infosys
2021 - 2023

Senior Systems Engineer – React Developer

- Integral part of a collaborative team delivering a fully functional Internet banking application. Primary responsibilities include creating visually appealing and user-friendly interfaces.

PROJECTS

- Brock** Infrastructure self-service platform for VM, Load Balancer, and DNS provisioning.
- LOCI** Event-driven CI system replacing Jenkins; enabled secure, scalable builds with integrated quality and security scans.
- ANZ** Built Internet Banking and onboarding web applications using React; owned UI development for ANZ-IBSC.

EDUCATION

BTech – SANTHIRAM
ENGINEERING COLLEGE, NANDYAL
(2018 – 2021)

7.63

CERTIFICATIONS

- Infosys Certified React Web Developer
- Infosys Certified Front-end Developer

INTERESTS

- Artificial Intelligence
- Python
- AWS (Advanced)
- System Design

TOOLS AND TECHNOLOGIES

- Jira + Confluence
- GIT / Bit Bucket
- Postman
- Prometheus, Grafana
- VMware
- Jenkins
- Axe DevTools

AWARDS AND HONORS

- **2x Spot Award at Lowe's India** – For exceptional performance and high-impact contributions.
- **ANZ Appreciation & Team Excellence Award** – For impactful contributions to ANZ & ANZ-IBSC projects and successful IB application releases.
